**capita accident** is free from the 3rd child on, provided that all children have equivalent insurance with Sympany.

The disability capital paid is determined according to the degree of disability. If the degree of disability amounts to 50%, you will receive the insured amount (column: Disability). This amount gradually increases to 350% in the event of total disability (column: Total disability - 350% progression). The insurance can be concluded up to the age of 65.

\* For their protection, children aged 0-3 are allowed to be insured in the event of death for up to CHF 2,500. Once the 4-15 age category is reached, the death benefit increases to CHF 10,000.
